

# FLEXIBLE PACKAGING OFFERING: HAND SANITIZER

TB Flex is excited to offer our spouted flexible packaging options for **Hand Sanitizer** products!

**VARIOUS SPOUT OPTIONS (see chart, let us know what works with your filling equipment). Can be supplied on rails if equipment dictates.**

Spout Size	Volume
8mm	<300mL
10mm	300mL – 500mL
13mm	500mL – 1,000mL
16mm	>1,000mL

Sealing base for all is 40mm

## POUCH SIZES UP TO 2 LITERS:

If you have a filler you are contracted with (or do your own filling) we can supply you flexible packaging material to run on the equipment, be sure to contact your TricorBraun Packaging Consultant to discuss the following:

- All filling equipment specs
- All packaging specs
  - Is it rollstock or premade?
  - If premade what is the specific format? (format, dimensions, material, fitment, spout, cap, rails where applicable, etc.)
  - Fill thru the spout or fill thru the pouch?

**WE LOOK FORWARD TO WORKING  
ON YOUR HAND SANITIZER SPOUTED  
POUCH PROJECT WITH YOU!**
